| How d      | does the animal behave around men?        |                    |  |
|            | Loves men                                 |                    |  |
|            | A little bit shy/scared of men            |                    |  |
|            | Very afraid of men                        |                    |  |
|            | Other:                                    |                    |  |
| How d      | does the animal behave around women?      |                    |  |
|            | Loves women                               |                    |  |
|            | A little bit shy/scared around women      |                    |  |
|            | Very afraid of women                      |                    |  |
|            | Other:                                    |                    |  |
| How d      | does the animal behave around children ur | nder 10 years old? |  |
|            | Loves kids                                |                    |  |
|            | Too energetic or rough for young childre  | en                 |  |
|            | Very gentle with children                 |                    |  |
|            | Seems afraid of children                  |                    |  |
|            | May growl or snap at children             |                    |  |
|            | Growls when child approaches food or t    | oy                 |  |
|            | Other:                                    |                    |  |

| Physica  | l touch  |  |  |
|----------|--|--|--|
|          | Loves to be picked up and snuggled   |  |  |
|          |  |  |  |
|          |  |  |  |
|          |  |  |  |
|          |  |  |  |
|          | Places animal doesn't like to be touched:  |  |  |
|          |  |  |  |
| How do   | pes the animal behave during combing/bathing/nail trimming?                            |  |  |
|          | Does great!  |  |  |
|          | Not bad, a little nervous  |  |  |
|          | Pretty nervous, we have to use treats and take breaks                                  |  |  |
|          | Gets very stressed, no amount of treats distracts the animal                           |  |  |
|          | Animal morphs into the Hulk in a desperate attempt to escape, battle scars were earned |  |  |
|          | Didn't try   |  |  |
|          | Other:   |  |  |
| Houseb   | preaking   |  |  |
|          | Not housebroken at all   |  |  |
|          | Crate/litter box trained   |  |  |
|          |  |  |  |
|          | (Dog) Partially housebroken, but doesn't know how to tell you when needs to go outside |  |  |
|          |  |  |  |
|          |  |  |  |
|          | Other:   |  |  |
| Miscella | aneous (tell us how they react)  |  |  |
|          | Being alone makes me:  |  |  |
|          |  |  |  |
|          | Storms make me:  |  |  |
|          | Loud noises like a vacuum, lawnmower or fireworks make me:                             |  |  |
| П        | Visitors that I know make me:  |  |  |
| П        |  |  |  |
|          | Visitors that I don't know make me.  |  |  |
| Dogs     |  |  |  |
|          | How does the dog behave around strange dogs?   |  |  |
|          | ☐ Runs up to them to play  |  |  |
|          | ☐ Greets appropriately (nose to tail sniffing)   |  |  |
|          | ☐ Stares the other dog down and may stiffen muscles                                    |  |  |

|         | Seems submissive or scared of other dogs  |  |  |
|---------|---|--|--|
|         | Will show the other dog their side of back end  |  |  |
|         | No sense of personal space, just gallops up to the other dog and expects that dog to be   |  |  |
|         | fine with that  |  |  |
|         | Other:  |  |  |
| How do  | pes the dog behave around dogs and food, treats or toys?  |  |  |
|         | Lets the other dog take it  |  |  |
|         | Posture is relaxed, no muscles tensed   |  |  |
|         | Head goes down over the food/toy as other dog approaches  |  |  |
|         | Gobbles the food/treat faster   |  |  |
|         | Growls at other dog   |  |  |
|         | Bares teeth at other dog  |  |  |
|         | Snaps/snarls at other dog, clearly guarding the food/toy  |  |  |
|         | As other dog approaches, backs away from food/treat/toy   |  |  |
|         | Seems very carefree and unconcerned about holding onto food or toys when other dogs are around  |  |  |
|         | Has not been tested   |  |  |
|         | Other:  |  |  |
|         | oner  |  |  |
| How do  | pes the dog behave around cats?   |  |  |
|         | Sniffs cat but seems disinterested  |  |  |
|         | Seems a little scared of cats   |  |  |
|         | Seems interested in playing appropriately with cats   |  |  |
|         |   |  |  |
|         | Thinks cats are really fun to chase but if caught does not do any harm, seems more about the chase than the cat   |  |  |
|         | about the chase than the cat  |  |  |
|         | about the chase than the cat<br>Appears to have a prey drive, wants to chase and harms cats, NOT cat safe   |  |  |
| _       | about the chase than the cat  |  |  |
|         | about the chase than the cat  Appears to have a prey drive, wants to chase and harms cats, NOT cat safe  Cats feel safe enough to use this dog as a couch, so warm and comfy  |  |  |
